European Union Timber Regulation (EUTR) No 995/2010 - UK Timber Regulation

“As an “operator/first placer” Falcon Timber Ltd recognises its legal responsibility to ensure it procures timber and timber related products from fully legal and well managed sources. To meet the requirements of both the EUTR/UKTR and as a member of the U.K. Timber Trade Federation (TTF) / Timber Development UK, Falcon Timber Ltd has adopted the TTF Responsible Purchasing Policy (RPP) as its due diligence tool.

This allows Falcon Timber Ltd to risk assess and screen out any products that cannot be proven as being from a legal source, prior to purchase. Falcon Timber Ltd is fully committed to purchasing all timber and timber related products from legal sources and continues to work with suppliers that operate in accordance with the laws of their country.

Falcon Timber Ltd fully supports the development of credible timber certification schemes and has for some while held FSC and PEFC chain of custody certification.”
